

Looking For An Educational Grant? \$\$

BIG Online is a comprehensive, keyword searchable database with detailed information and profiles on 25,000 foundations, corporate donors, matching gift programs, in kind donations and government grant makers.

The Mojave Environmental Education Consortium (MEEC) and the Cement Industry Environmental Consortium (CIEC) have joined forces to make this grant database available to teachers like you. Various education grants are available through this database for all grade levels.

What do you need to do?

Make an appointment today to meet with MEEC's grant coordinator. During your appointment, MEEC's grant coordinator will research grant opportunities specific to your needs and subjects of interest.

For further information please call the Mojave Desert Air Quality Management District at 245-1661 ext. 6101.
